

INSTRUCTION OF LCD TALKING CALCULATOR

USER Information

This calculator runs on 2 AAA batteries.

Calculator Function

Press "CE" or "AC" key to enter calculator mode.

Press "REP" key to repeat the displayed value.

Press "U/D" key to express Value or Digits of display.

Press "MR" key to show memory contents. MC clears, M+ adds to and M- subtracts from memory. Use M+ or M- instead of = to enter result directly to memory.

Volume- There is three levels for volume control. The volume can be in off/mute position, soft or loud. There is also an option to use the calculator with headphones, in which case only the person using the headphones will hear the calculator talking. The headphone jack can be found in the left side of the calculator.

QUANTUM 1 YEAR LIMITED WARRANTY

We warrant your product for 1 year against defects in material and workmanship, providing it has received normal use and has been given adequate care. This warranty does not cover damage to any part or a problem resulting from abuse. It does not cover replacement of batteries.
